Digital Accelerator

Natural Resource Canada's Digital Accelerator

Vik Pant, PhD

Chief Scientist and Chief Science Advisor

What is a Digital Accelerator

Objectives

Accelerate integration of advanced analytics

Provide cross-functional data science service to NRCan sectors

Digital-Driven Culture

Key initiatives to nurture human capital

Strategic Partnerships

Leverage an ecosystem, built on mutually beneficial partnerships and networks

NRCan AI Capability

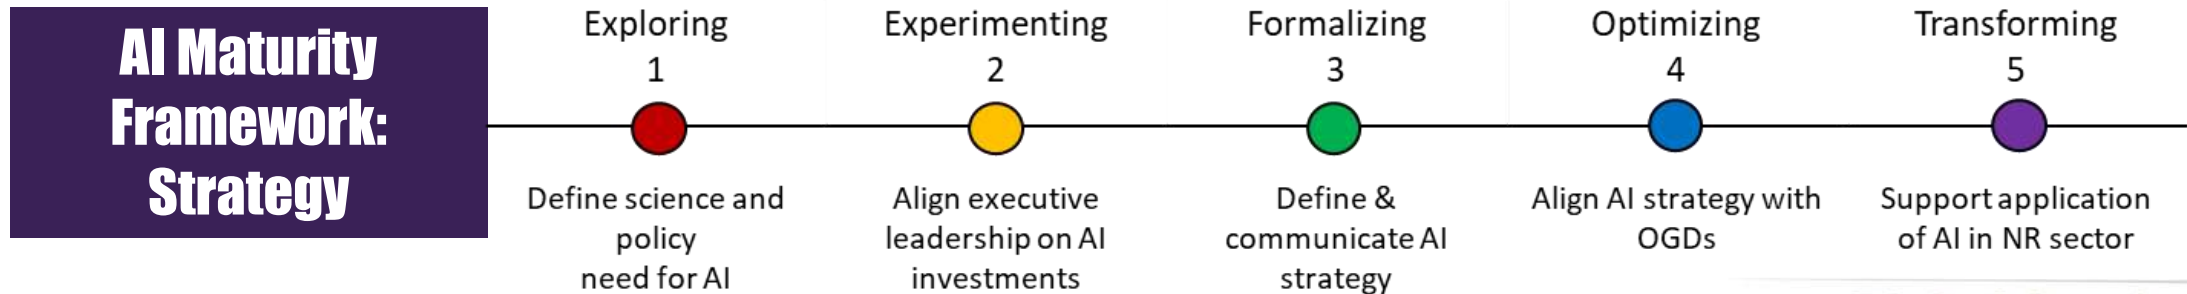

Strategic integration of advanced analytic solutions & technologies

What We Have Learned in Building a DA

- Importance of strong partnerships
- Co-create, co-develop - turn-key does not work
- Diffuse the knowledge, avoid working in silo
- You can't manage what you can't measure
- Let people know what you are doing
